Work Experience

UI/UX Lead — The Impact Engine — Pune
Sep 2026 – Present

UI/UX Designer · Oct 2024 – Sep 2026 (promoted)

- Lead end-to-end product design across client projects and mentor junior designers through design reviews, critiques and design-to-development QA.
- Led UX audits and end-to-end redesigns of complex web applications, rebuilding information architecture and user flows around business models, customer journeys and operational constraints.
- Designed role-based admin dashboards for loan management and service platforms, translating complex business logic into simple experiences for non-technical users.
- Designed **Elixir Helps**, an online counselling platform: client booking website, 13-screen super admin panel and 9-screen counsellor portal.
- Own client communication end to end, from requirements and design rationale to developer handoff, QA and delivery.
- Applied CRO-driven UX principles to improve clarity, trust and task completion across marketing and Shopify e-commerce sites (Soché, Copper Chocs).
